Richard Glyn Charitable Foundation Ltd. Registered UK Charity No. 1120688

We are here,

*'To provide an environment for personal development, education, information and training, refreshment, rejuvenation and joy; where like-minded people may come together to share their vision, knowledge, talents, skills and wisdom to evolve more perfect lives individually and together towards a more perfect universal community.'*  
(from our Charter, 1989)

RGF started its life at High Lea School for children in 1982. We came to Gaunts in 1988, since when we have sought to help many people in diverse ways, and have evolved our own constitution and mores. We exist within the embrace of Gaunts Estate, and continue to be supported by them.

We invite you to join us as part of the Gaunts family, to pursue your own Profound Learning, and to join in the processes of our daily life and whatever is going on.

Everyone stays here as a GUEST of Richard Glyn Charitable Trust Ltd. Your hosts are the Trustees, the Community/College Council and the Members.

Most importantly, we hope that all guests join in the spirit and life at Gaunts and benefit from their stay here. We hope you find peace and meaning in your life, and realisation and acceptance of yourself in the wholeness of this place.

Remember, the only reason for being here is to immerse yourself in your own Profound Learning. All guests are encouraged to spend a part of each day studying; walking in the countryside and taking exercise; contemplating and meditating; joining-in and contributing appropriately; spending time alone and in the company of other Gaunts folk. Regular Meditation; early morning chores; Community Meetings; daily help in house departments as requested; observation of RGF-Gaunt's mores, and your own Profound Learning are our simple fundamentals.

The Personnel Mentor/s in the Welcome Room act as liaison coordinators for Newcomers, Students, Volunteers, Private Retreatants, Resident Guests, and all Community Personnel; and are always ready to listen, help and guide if at all possible.

*Applicants are asked to write a letter in their own hand-writing about themselves, their background, interests, realisations, their 'path' and why they would like to come to RGF/Gaunts. In every case, you need to complete an Application Form. Please enclose an A5 S.A.E. with information of your choice, which could include C.V., photographs, references, etc.*
